4 Telephone Redemption and Exchange

Check one or more boxes to authorize telephone redemptions, exchanges, ACH and/or wire transfers. You will not be able to exchange into other funds or receive a redemption by mail, wire, or ACH via telephone instructions if you fail to select this option.

I authorize the Funds to act upon instructions received by telephone from me to perform the following services:

- Telephone Redemptions:** Mail payment.
- Exchange Between Funds:** I understand an exchange is made by redeeming shares of one Tributary Fund and using the proceeds to buy shares of another Tributary Fund.

Wire Transfers: I understand that redemptions of Fund shares may be completed by electronic wire to the bank account I specify in Section 6. I understand that a fee is charged each time I request a wire redemption.

ACH Transfers: By selecting an ACH transfer, I understand that the proceeds will be delivered to the bank account I specify in Section 6 within four business days from the date of my request. By choosing an ACH transfer, I do not incur any additional wire fees.

5 Cost Basis

On October 3, 2008, the Emergency Economic Stabilization Act, HR 1424, was signed into law, which included provisions from the Energy Improvement and Extension Act of 2008, requiring mutual funds to provide cost basis reporting to their customers.

The Tributary Funds will provide cost basis information to you and the IRS for shares purchased on and after January 1, 2012 (covered shares). The elected method will be used for all accounts established by this application and any future accounts established.

Note: The Tributary Fund's default method of Average Cost will be used if a choice is not indicated.

In order to provide you and the IRS with accurate cost basis accounting, please make one selection from the following cost basis methods:

- Average Cost:** Values the cost of shares in an account by averaging the effect of all purchases made after 1/1/2012 in the account.
- First-In First-Out:** Shares acquired first in the account are the first shares depleted.
- Last-In First-Out:** Shares acquired last in the account are the first shares depleted.
- High Cost:** Shares acquired with the highest cost per share are the first shares depleted.
- Low Cost:** Shares acquired with the lowest cost per share are the first shares depleted.
- Loss/Gain Utilization:** Depletes losses before gains, consistent with the objective of minimizing taxes.
- Specific Lot:** Shareholder selects which lots to deplete at the time of each redemption.
When selecting Specific Lot, please choose a secondary method to be used as an alternate in the event specific lot depletion information is not provided.
 - First-In First-Out
 - Last-In First-Out
 - High Cost
 - Low Cost
 - Loss/Gain Utilization

If you have purchases or transfers made into your account with shares purchased prior to January 1, 2012 (non-covered shares), we may be able to provide you an average cost for these shares. This information will be provided to you on your 1099-B and you can choose to use the information for your taxes. This information will be noted as non-covered for the IRS.

- Yes, please provide average cost information on my non-covered shares when available. I understand that non-covered shares will be redeemed first and that covered shares will be redeemed using the method elected above after all non-covered shares have been depleted.
